[Home](#) > The global network of sisters companies

ADAGP has signed almost 50 agency agreements with collecting societies on five continents who play a role in the collection of the royalties of its members on the territory in which they operate.

In particular, ADAGP is represented in the following countries: South Africa, Germany, Argentina, Australia, Brazil, Canada, Chile, Korea, Côte d'Ivoire, Spain, United States, Italy, Japan, Mexico, United Kingdom, Russia, Senegal and Venezuela.

For its part, ADAGP represents the artists of these countries in France, which means its global catalogue represents over 110,000 creators of visual arts.

In the countries where it does not have a sister company to represent it, ADAGP acts directly with local users.
