[Home](#) > What is the Maison Nationale des Artistes (or Maison de Retraite des Artistes) ?

The **Fondation Nationale des Arts Graphiques** [graphic arts foundation], which provides support to artists in France, manages the “Maison Nationale des Artistes” retirement home in Nogent sur Marne. This is a home for single or married elderly dependent people over the age of 60. Having recently been expanded, the Maison Nationale des Artistes can now accommodate 75 residents. Situated in the centre of Nogent sur Marne in two 18th century residences with 10 hectares of grounds, the Maison Nationale des Artistes has a number of communal areas where a range of events and cultural activities are held (painting academy, sculpture workshop, exhibition room, painting restoration workshop etc...), allowing the artists to continue their work.
