

Depending on the area you work in, Adagp can manage all or some of your royalties.

To find out more, go to [What Adagp does for you?](#) [1]

To become a member of Adagp, you must be an artist who has created a work of graphic or plastic art or an heir, beneficiary or assignee of a copyright in visual artworks.

You must check what documents are required and send them to us along with the completed application form which can be downloaded from this page. Your membership is effective from receipt of all the documents requested. You will receive a confirmation email with your membership number followed by a membership card which will be posted to you.

Adagp handles the royalties for all your works but does not get involved in contracts you signed prior to signing up for this service or, obviously, when you sell your work to a gallery, private individual or museum.
